SECTION 1. IDENTIFICATION OF PRODUCT AND MANUFACTURER

| | |
|---|---|
| V-Klean | |
| Product Description | Product Code |
| Gel, Sanitizer - 16.9oz/500ml with Flip Top Cap | I05890 - 00816822026667 |
| Description and Use: No-rinse antibacterial gel for hands and skin. Due to its germicidal properties It eliminates bacteria, fungi and other pathogenic microorganisms. For use in households, hospitals, schools, offices, bags and even vehicles. Easy to apply, high performance while soft on the hands. | |
| Other names: Disinfectant gel, hand antiseptic. | |
| Made in Mexico: Grupo V-Clean S.A. de C.V. Calle Alborada 124, Parques del Pedregal, Tlalpan, 14250 Ciudad de Mexico CDMX Phone Number 55 2155 3488 | Emergency Numbers: In case of emergency, CALL 911 or contact your local Poison Control center. For Distribution Inquiries: RediBag USA Customer Service and Technical Support M-F 9am-6pm: 800-517-2247 For Manufacturing Inquiries: V-Klean Customer Service and Technical Support M-F 9am-6pm: (0155) 2155 3488 |

SECTION 2. HAZARDS IDENTIFICATION

| | |
|--|--|
| Classification according to 29CFR 1910.1200(d) and the Canadian Hazardous Products Regulation as follows: | Flammable Liquids: Category 3 Eye Damage/Irritation: Category 2A Signal Word: WARNING Hazard Statements: Flammable liquid and vapor Causes eye irritation |
| | Pictogram: <div style="text-align: center;">   </div> |
| Precautionary Statements | General: Read label before using. Keep out of the reach of children. Prevention: Keep away from heat/sparks/open flames/hot surfaces. No smoking during use or while product is still wet. Keep container tightly closed. Avoid breathing vapors. Response: |

| | |
|--|-------------|
| Hazards not otherwise classified (HNOC) | NONE |
|--|-------------|

SECTION 3. COMPOSITION – COMPONENTS INFORMATION

This product is a mixture of the substance specified below, with the ingredients, additive and components that, under the current knowledge of the supplier and in the applicable concentrations, are classified as not dangerous or harmful to health and/or the environment:

| Substance | No. CAS | No. ONU | % w/w |
|---------------|---------|---------|---------|
| Ethyl Alcohol | 64-17-5 | 1170 | 62.5-75 |

SECTION 4. FIRST AID

| | | |
|--|---------------------------|---|
| First Aid Description: | Contact with Eyes: | Immediately rinse with water, keeping eyes open, and taking contact lenses out first. Contact your doctor if eye irritation persists. |
| | Contact with Skin: | Rinse with abundant water. Call your doctor if you have skin irritation. |
| | Ingestion: | Do not induce vomiting. Rinse mouth with water. Drink 1-2 glasses of water or milk. Go to the doctor in case of intoxication. |
| | Inhalation: | Head to a well ventilated area and breathe normally. Call your doctor in case of intoxication by inhalation. |
| Most important symptoms or effects, and any symptoms that are acute or delayed: | Contact with Eyes: | May cause a mild eye irritation. |
| | Contact with Skin: | Prolonged contact may cause skin irritation. |
| | Ingestion: | Ingestion in large amounts causes gastrointestinal damage, including irritation, nausea and diarrhea. |

SAFETY DATA SHEET

| | | |
|--|---|------------------------|
| Issuing Date March 28, 2020 | Expiration: December 31, 2021 | Page: 3 of 6 |
| Prepared By: Daryl Danielowicz | Authorized By: Jeffery Rabiea | Version: 1.0 |

| | | |
|---|--------------------|--|
| | Inhalation: | Vapor may cause sleepiness and vertigo. It may also cause irritation of the breathing tract. |
| Indications of special treatment needed, if necessary: | None. | |

SECTION 5. FIRE FIGHTING MEASURES

| | |
|---|--|
| Suitable extinguishing agents: | Dry Chemical Powder or Carbon Dioxide (CO2). |
| Unsuitable extinguishing agents: | High Volume water jet |
| Specific Hazard: | Fire hazard. It can explode when heated or exposed to fire. Keep away from heat and sources of ignition. Flash back possible over considerable distance. Be careful of accumulated vapors that may form explosive concentrations. |
| Special Measures: | Water spray to cool unopened containers. Eliminate all fire waste and contaminated extinguishing water according to the local governing laws. In case of fire or explosion, do not breathe the fumes, use a Self-Contained Breathing Apparatus (SCBA) and the adequate clothing. |

SECTION 6. MEASURES TO BE TAKEN IN CASE OF ACCIDENTAL SPILLAGE OR ACCIDENTAL LEAK

| | |
|--|--|
| Personal precaution, protective equipment and emergency procedures: | Use the proper personal protective equipment: gloves, goggles, mask, safety boots and uniform. Isolate the area and evacuate unprotected and unnecessary Personnel. No procedure that implies a personal risk or that does not include the proper training will be taken. Do not touch or walk over spilled material. Spilled product may cause injury due to slippery floor. Avoid breathing any vapors or fumes, if any. Provide sufficient ventilation. Carry a proper breathing apparatus when the ventilation system is not adequate. |
| Precautions for the environment: | This product is biodegradable; nevertheless it must be disposed of according to the applicable regulatory legislation in force. Do not allow contact with floor, surface or groundwater. Any uncontrolled spills on inland water shall be immediately reported to the relevant authority. |
| Methods and materials to contain and clean spillage or leakage: | Eliminate all sources of ignition if there is no risk in doing so. In case of a spill, immediately cover with the proper absorbing material (non-combusting such as sand or dirt) and pick it up with a shovel in a duly labeled recipient to dispose of it as a chemical residue. Avoid dispersion of spilled material and avoid contact with the ground, water, drains and sewers. Report to the relevant authorities if the product has caused environmental pollution (sewers, channels, in earth or air). |

SECTION 7. FIRE FIGHTING MEASURES

SAFETY DATA SHEET

| | | |
|--|---|------------------------|
| Issuing Date March 28, 2020 | Expiration: December 31, 2021 | Page: 4 of 6 |
| Prepared By: Daryl Danielowicz | Authorized By: Jeffery Rabiea | Version: 1.0 |

| | |
|--|--|
| Precautions for safe handling: | Handle the product in a safe way. Avoid simultaneous handling of incompatible chemical substances or mixtures. Avoid any spilling of product into the environment. Take any and all necessary action to avoid static electricity discharge (which may cause ignition of organic vapors). Keep away from fire, from sparks and from hot surfaces. Use the proper personnel protection equipment. Do not eat, drink or smoke in work areas. Wash hands after using this product. Keep this product's container closed. |
| Conditions for safe storage, including any incompatibilities: | Keep product in a fresh and dry area, keep away from heat and sources of ignition. Store in a close, covered surface at room temperature. Keep away from oxidizing agents. Keep away from food and out of reach of children. Do not use the container to store other products. |

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

| | | | | |
|--|--|----------------|----------------------|-------------------------------------|
| Control Parameters: | Components | No. CAS | Exposure Form | Permissible Concentration |
| | Ethanol | 64-17-5 | TWA | 1,000 ppm 1900mg/cm ³ |
| Appropriate technical controls: | Handle this product safely. Avoid simultaneous handling of incompatible chemical substances or mixtures. Avoid any spilling of product into the environment. Keep product in a fresh and dry area, keep away from heat and sources of ignition. Store in a close, covered surface at room temperature. Keep away from oxidizing agents. | | | |
| Recommendation for personal protective measures, such as personal protective equipment: | <u>Eye and face protection:</u> goggles and mask. <u>Skin protection:</u> gloves, boots and uniform. <u>Respiratory tract protection:</u> for normal handling of product it is not necessary to protect respiratory tracts, the use of the mask is enough. If the product is involved in a fire, use the self-contained breathing apparatus. Respirators must be used according to a respiratory protection program to ensure the proper adjustment, training and other important matters for its use. | | | |

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

| | | | |
|--|---|------------------------------|--|
| Appearance/Odor: Translucent, clear color with Alcohol Scent | Viscosity: 60,000-90,000 cPs @25 °C | pH: 5.0-7.0 @25 °C | Relative density: 0.9000-1.0000 g/cm ³ @20 °C |
|--|---|------------------------------|--|

SECTION 10. STABILITY AND REACTIVITY

| | |
|----------------------------|---|
| Reactivity: | It is not reactive under proper conditions of storage and use. |
| Chemical Stability: | Stable under normal conditions of storage and use, and at room temperature. |

SAFETY DATA SHEET

| | | |
|--|---|------------------------|
| Issuing Date March 28, 2020 | Expiration: December 31, 2021 | Page: 5 of 6 |
| Prepared By: Daryl Danielowicz | Authorized By: Jeffery Rabiea | Version: 1.0 |

| | |
|--|--|
| Possibility of dangerous reactions: | No dangerous reaction exists under normal conditions of storage and use. |
| Conditions to avoid: | Avoid heat, flames, sparks or any other source of ignition. |
| Incompatible material: | Avoid strong acids and alkalis, products deriving from chloride and other strong oxidizing agents such as peroxides. |
| Dangerous decomposition products: | Carbon oxides. |

SECTION 11. TOXICOLOGICAL INFORMATION

| | |
|----------------------------|--|
| Acute toxicity: | Ingestion: No health risks are known or expected under normal conditions. |
| | Inhalation: No health risks are known or expected under normal conditions. |
| | Skin: No health risks are known or expected Under normal conditions. |
| | Eyes: Causes serious eye irritation. |
| Long term toxicity: | This product is not mutagenic or teratogenic. |

SECTION 12. EXOTOXICOLOGICAL INFORMATION

| | |
|---------------------------------------|---|
| Toxicity: | Dangerous for aquatic organisms. For fish: 96 h CL50 Fish: 11,000 mg/L |
| Persistence and degradability: | The product is at least 60.00% biodegradable in 28 days, according to the EPA-796.3200-1995 Method. |
| Potential for bioaccumulation: | Not Available. |
| Ground mobility: | Not Available. |
| Other adverse effects: | No significant effects or critical risks are known. |

SECTION 13. DISPOSAL CONSIDERATIONS

This product shall be disposed of according to the current applicable legislation. All waste shall be catalogued and handled according to these regulations. If necessary, hire a company that is specialized and authorized for the handling of these products. Make sure the product does not enter the sewage, tubing or ground. When possible, recycling is preferred over disposing or burning. Dispose of it as an unused product. Empty containers shall be taken to the local recycling or to waste disposal. Do not re-use empty containers.

SECTION 14. TRANSPORTATION INFORMATION

| | |
|-----------------------------|---|
| Land Transport (DOT) | UN Number: 1170 Description of the goods: Ethanol solutions Class: 3 Packaging Group: III Environmentally Hazardous: No |
|-----------------------------|---|

SAFETY DATA SHEET

| SECTION 15. REGULATORY INFORMATION | |
|--|--|
| NORMA Oficial Mexicana NOM-141-SSA1 / SCFI-2012 | Labeling for pre-packaged cosmetic products. Sanitary and commercial labeling. |
| USA FDA | This product is regulated as an over-the-counter product according to the Federal Food, Drug and Cosmetic Law and It complies with the regulations of the FDA. SARA, Title III, Sections 302/304, 311/312 and 313, chemical listings: none or none present in regulated quantities. |
| California Proposition 65 | This product is not subject to warning labeling. |
| SECTION 16. OTHER INFORMATION INCLUDING PREPARATION AND UPDATING OF SAFETY DATA SHEETS | |
| <p>The information provided in this Material Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.</p> | |
